

## DAILY SURFACE CLEANER FOR PARQUET AND LAMINATED FLOORS

Super concentrated detergent specific for the daily cleaning and maintenance of hard surfaces in parquet and laminated floors.

### SURFACES

Parquet, LVT (luxury vinyl tiles) and laminated and natural wood floors.

### FEATURES

pH neutral detergent for a guaranteed, deep cleaning of material without damaging or leaving surface residues and streaks. Cleaned surfaces maintain a long lasting pleasant intense sandalwood fragrance. Due to its controlled foam formula, the surface does not require rinsing allowing the product to be used also in walk behind automatic floor scrubbing machines.

### HOW TO USE

Daily cleaning: dilute product in water (10 ml for every 1lt of water) and proceed to wash the floor using mop in microfibre, cotton or mixed fibre. Allow the surface to dry completely. No need for rinsing.

Periodic cleaning dilute: the product in water (up to 30ml per 1 lt of water) and proceed to clean as above. Allow the surface to dry completely. No need for rinsing.

Note: 1 cap = 10ml

### ADVANTAGES

Highly concentrated formulation allows product to be used in ultra-low doses. Due to its foam-controlled characteristics, the product has good wetting and emulsifying properties for quicker cleaning. No need for rinsing.

The product reduced VOC content of 0,96% (EU regulation of 2010/75/UE) assures safe use in closed areas and places.

### ADVICE

Highly recommended for the daily cleaning of floor surfaces.

### CHEMICAL PROPERTIES

ASPECT: Liquid

COLOUR: Orange

ODOUR: Sandalwood

SOLUBILITY: Soluble in water

PH: 7,00±0,50

### INDICATIVE COVERAGE FOR LITRE

Approximately 1500-2000m<sup>2</sup>

Product coverage may vary depending on type and porosity of material where used

### PACKAGING

Code	Content	Pc./Carton
PO20LXWD10L	1 lt	6
PO20LXWD50L	5 lt	4

#### ATTENTION:

Carefully read the recommendations printed on the label. Always test before use. Do not dispose of the container in the environment after use, follow the disposal information indicated on the label. Keep out of reach of children. The product has anti-stain properties but does not protect surfaces from acids. Check the actual resistance of the material to the product on a hidden portion of the surface to be treated. When using the product, use suitable PPE and consult the safety data sheet.
