

B-XTREME HD CLEANER CK

HEAVY DUTY FLOOR CLEANER AND STRIPPER

Highly effective detergent specific for deep cleaning, degreasing and stripping of old waxes from surfaces.

SURFACES

Terracotta, quarry tiles, clinker, glazed ceramic and saltillo tiles.

FEATURES

Super-concentrated cleaner with high degreasing properties for the extraordinary cleaning of all surfaces resistant to alkaline based cleaners such as: terracotta, clinker, glazed ceramic and quarry tile. Indicated for deep cleaning of stubborn dirt and grime, post installation clean ups and for the removal of previous applied treatments and waxes. Highly effective for the removal of metallic waxes. Controlled foam formula. Can also be used with automatic floor scrubbing machines.

HOW TO USE

Deep cleaning: dilute 30-50ml in 1lt of water and apply solution to affected area. Allow a dwell time of 5 minutes before scrubbing surface manually or using a single disc scrubber and nylon pad. Remove product residues with wet vacuum and rinse thoroughly.

Stripping: dilute 100ml in 1lt of water and apply solution affected area. Allow a dwell time of 5 minutes before scrubbing surface manually or using a single disc scrubber and nylon pad. Remove product residues with wet vacuum and rinse thoroughly.

Degreasing and heavy-duty cleaning: dilute 150-200ml in 1lt of water and apply solution to affected area. Allow a dwell time of 5 minutes before scrubbing surface manually or using single disc scrubber and nylon pad. Remove product residues with wet vacuum and rinse thoroughly.

Note: 1 cap = 10ml

ADVANTAGES

Highly effective on stubborn dirt and greases. 3-in-1 product degreaser, stripper and deep cleaner: ideal for all problematic cleaning situations. Due to its foam-controlled characteristics, the product has good wetting and emulsifying properties for improved cleaning and easy rinsing.

ADVICE

Not recommended for use on highly polished surfaces, wood, methacrylate tubs, varnished or surfaces sensitive to strong alkaline based cleaners.

CHEMICAL PROPERTIES

ASPECT: Liquid

COLOUR: Yellow

ODOUR: Characteristic

SOLUBILITY: Soluble in water

PH: 13,50±0,50

INDICATIVE COVERAGE FOR LITRE

Deep cleaning: 400/500m²

Stripping (terracotta): 40-50m²

Product coverage may vary depending on type and porosity of material and grime to be removed

ATTENTION:

Carefully read the recommendations printed on the label. Always test before use. Do not dispose of the container in the environment after use, follow the disposal information indicated on the label. Keep out of reach of children. The product has anti-stain properties but does not protect surfaces from acids. Check the actual resistance of the material to the product on a hidden portion of the surface to be treated. When using the product, use suitable PPE and consult the safety data sheet.
